

Prayer to Jesus in honour
of the Servant of God August Hlond,
Salesian, Cardinal and Founder
of the Societas Christi pro Emigrantibus:

Lord Jesus,
you stripped yourself of everything
so that all men and women might be reached
by the saving love of God.
We ask you to help us to be inspired
by the apostolic love
of the Servant of God August Hlond,
so that we may know how to employ
all our strength
in carrying out your will each day
so that all might come to know
the beauty and the depth
of your loving presence
throughout the whole world.
Make us docile to your interior promptings
and enable us to put them into practice in acts of pastoral charity;
give us the courage to strip away all that might obscure
the splendour of Your Face in our lives;
give us the grace to communicate to those we meet
that You are eternal youth
the only true way of life
that rules and guides everything always.

Amen!
